Embalming of remains (requires Basic preparation of remains)

Embalming is the restoration, disinfection and temporary preservation of a
deceased person's body in order to be suitable for display in an open casket.
 Embalming is not legally required, but may be recommended to preserve the
body between the time of death and the visitation or disposition of the deceased.

Partial/Basic Embalming (requires Facilities for preparation/embalming/shelter)

• Involves the use of embalming chemicals to treat the abdominal and thoracic cavities to delay the advance of decomposition. Does not address appearance issues and is done to ensure remains may be present for visiting/funeral service in a closed casket. Viewing is not permitted when partial embalming is authorized. Full arterial embalming is strongly recommended if remains are to be present for more than 72 hours before burial or cremation takes place.

Disbursements

When requested by the purchaser disbursements are items arranged for, and paid to, third-party suppliers on your behalf. In certain circumstances, you may be asked to pay for these items at the time the contract is entered into. The following are some items that are often identified as disbursements:

Coroner's fee - this is a fee charged by the coroner for issuing a certificate that allows cremation to take place. The fee is set by the Chief Coroner for Ontario and is currently \$75.00.

Clergy Honorarium ~ this is an amount paid to the clergy for their services. In some cases the amount is set by the clergy; in others it is an amount determined by you.

Newspaper or radio notices ~ these are charges for death notices placed in newspapers or radio or other media outlets.

Municipal death registration fee ~ this is a fee charged by the local municipality to register the death. The fee is set by the municipality and may vary.

Payment, financing and funding

Payment

Unless otherwise specified, payment is due within 45 days of signing the contract. Payment may be made by cash, cheque, bank draft, debit or credit (Visa and Mastercard accepted), or e-transfer. Beyond 45 days, interest will be charged at a rate of 1 1/2% which is equivalent to 19.56% per annum (APR)

Funding

For your convenience, we offer two funding options when prepaying services and supplies. When prepaying, you pay for the services and supplies today and the money, along with the accrued interest, will be used to pay for the services and supplies when they are delivered at the time of death.

Trust: Your money is placed "In Trust" either at a Bank, Trust Company or with an Independent Trustee, where it will accrue interest until the contract is fulfilled (when services and supplies are delivered) or refunded (in part) if the contract is cancelled.

Insurance: You may purchase an insurance contract where proceeds of the insurance contract will be used to pay for the services and supplies at the time they are delivered or refunded (in part) if the contract is cancelled.

Unless otherwise identified, all applicable taxes will be added to the prices indicated.
